

CLASS 3 NEWS

September 2021

Dream, Believe, Learn and Achieve...

This half term looks amazing!

This half term we will be doing all sorts of things. They will be amazing. Just look at the things we will be doing:

English

We have started this term with our book *Esio Trot* by Roald Dahl. We will be using reading and role-play skills to explore the book and its characters and to imagine what it would be like to be Alfie! We will also look at the beautiful book, 'The Promise' by Nicola Davies and discuss themes and messages that the story portrays. We have started using Spelling Shed in class and also at home to help us improve our spellings in a fun and engaging way. In Guided Reading, we are practising our VIPERS skills through texts and pictures.

Maths

We will be learning about place value of 3-digit numbers to 1000 (Y3) and 4 digit numbers to 10,000 (Y4). We will look at what each digit means and how to order and compare different numbers or place them on a number line. Next, we will move on to addition and subtraction using various strategies and eventually formal written methods. Please keep practising times tables for quick recall.

RE

We will be discussing about Creation and different beliefs on how the world began.

Science

We will be learning about how animals including humans need the right amount of nutrients and the sorts of foods in which these can be found. We will also learn about muscles and skeletons and then move on to the workings of human digestion.

Geography

We will be learning to use maps, both of the UK and of the world, to find the locality of the equator and tropics and describe the climate within the tropics.

History

We will be improving our knowledge of the different periods of The Stone Age. We will be able to compare how people at that time lived using different artefacts.

Computing

We will be practising our computing skills using Purple Mash and will focus on improving our Coding skills.

Art & DT

We will be learning to see fine details in small objects from around the classroom or outside, and to draw these using pencil lines, shading or pastels.

SMSC/PSHE

We will be learning all about teamwork and how to celebrate ourselves and others.

PE

In Invasion Games, we will be learning throwing and catching skills and how to pass between players in a game. In gymnastics, we will look at different shapes and balances and how we can apply them to sequences.

Forest School

We will enjoy learning and crafting outdoors with Mrs Perry on Wednesday afternoons.

On the back are diary dates & reminders of key days.
