

CLASS 5 NEWS

April/May 2022

Dream, Believe, Learn and Achieve...

This half term looks amazing!

Summer 1 2022

Hi everybody – this is our Summer 1 newsletter.

Easter already! We have had such a fantastic spring term here in Class 5 and the children have helped me to settle in really well. Everyone has been working flat out this term and I am confident that every child will reach their potential. But first of all, it's so important to have a break to reset and refresh and come back with a clear head and a focused mind.

This term, in Maths we will be revisiting some of our prior knowledge to check our understanding before moving onto statistics and the properties of shape.

You can help your child by ensuring they complete weekly homework set as this consolidates learning from the week and revisiting units from the CGP books and testing using the 10 minute boosters.

In Literacy, we will be focusing on narratives, including our new book – Holes by Louis Sachar.

You can help your child by encouraging them to read at least four times a week and sign their reading records – I will be giving out raffle tickets to children to read regularly 😊

In Science, we will be learning about electricity

In History and Geography, we will be looking in depth at North and South America

In RE, we will be learning more about Understanding Christianity, including the Gospel.

In Computing, we will be consolidating our learning about blogs before moving onto coding.

In PE, we will be focusing on cricket and rounders.

In Music, we will be learning all about how to use instruments to accompany our voices.

On the back are diary dates & reminders of key days.

Yours in Partnership

Mr Andrea

Class 5 Teacher

CLASS 5 DIARY
