

# CLASS 3 NEWS

June/July 2022

*Dream, Believe, Learn and Achieve...*

## This half term looks amazing!

### English

To kick-start our literacy learning this half term we will be looking at limerick and clerihew poems. Hopefully we can get our rhyming hats on! Following that, we will be using George's Marvellous Medicine to inspire our writing – what kinds of concoctions might we come up with? We may also dip into writing about our history topic of the Vikings. Spelling Shed will continue to help us improve our spellings in a fun and engaging way. In Guided Reading, we will link with our literacy and look at the structure of limericks and clerihews. We will then practise our VIPERS skills through a variety of different texts and pictures, some of which are about traditional tales and myths.

### Maths

One of the biggest topics next half term will be time. It is really beneficial to children if they have practised telling the time with clocks at home, before they begin the topic. We will also be learning about shape, turns and angles. Y4 also cover position, direction and symmetry. Finally, we will cover statistics (charts).

### RE

We will be learning about Hinduism and explore what it is like to be a Hindu.

### Science

We will be learning to record and classify living things by their different features and look at a range of different environments. We will also look at how human impact can damage or improve a landscape.

### Geography

We will be learning all about South America. We will be looking at the main countries and cities as well as some key geographical features. We will also compare a region of South America to a region of the UK.

### History

We will be learning about the Vikings, who they were and why they came to Britain. We will look at some of the key events that happened during that time and also how the period ended.

### Computing

We will be learning to create simple animations using Purple Mash and also how to search effectively on the internet.

### Art & DT

In DT, we will be designing and making a typical picnic sandwich to celebrate the Queen's birthday. We will practice safe cutting and preparation techniques for salad ingredients.

### SMSC/PSHE

We will be learning all about changing me. The children will discuss personal characteristics and identify reproductive parts of the body. We will also briefly look at why menstruation occurs.

### PE

We will continue to have PE on a Thursday afternoon. We will begin with some athletics to prepare for Sports Day. We also hope to have some further cricket sessions with Mr Tolley on Wednesdays, however this is to be confirmed.

### Wednesdays

Class 3 will have RE with Mr Draper and Music with Mr Walters. Therefore, Ukuleles will need to be back into school.

*Thank you for your continued support.*

*Miss Williams and Mrs Henry*

*On the back are diary dates & reminders of key days.*

# CLASS 3 DIARY

June / July 2022
