Writing	N/A	N/A	86%	71%	9%	13%

DfE statement

“Use 2022/23 school and college performance data with caution

School performance data for the 2022/23 academic year should be used with caution given the ongoing impacts of the COVID-19 pandemic, which affected individual schools and pupils differently. School performance data should be considered alongside a range of other information about the school, which could include looking at school websites, reading Ofsted reports, and speaking to the school directly. Conclusions should not be drawn on a single piece of data alone.”
